CODING BLOCKS - *Teaching Assistant & Problem Setter*   *Sept 2021 – May 2022*

- Resolved doubts of students to learn DSA in C++.
- Assisted Students to logic building and problem solving skills by taking some classes sessions as co-tutor
- Set 150+ DSA based quality questions at Hackerblocks for interview preparation

PERSONAL PROJECTS

SHOPING CART
Technologies Used : HTML, CSS, Bootstrap, Javascript, jQuery, NodeJs, ExpressJs, MongoDB, RESTful APIs

- Developed a fully functional E-Commerce website where user and seller both can buy and sell together
- User can login as buyer or seller mode, Authentication using passport js, Wishlisht to product feature also added by AJAX Request
- Buyers are not authorized to add products for sell and Sellers are not allowed to manipulate other seller's
- EJS template engine used for dynamic state and MongoDB used for managing database.

Blog App
Technologies Used : Mongodb, ExpressJs, NodeJs, ReactJs, Redux

- Developed a responsive blog application using the MERN (MongoDB, Express.js, React, Node.js) stack.
- User can register and have ability to create, edit or delete their own blog with full control.
- Designed and built a user-friendly interface using React and styled-components for dynamic styling and utilized Redux for state management, enabling seamless data flow and improved performance.

TECHNICAL SKILLS

Languages	C/C++, HTML, CSS, JavaScript,
Frameworks & Libraries	NodeJs, ExpressJs, ReactJs, MongoDB, PlayFab
Developer Tools	Git, Postman, MongoDB Atlas, COCOS Creator
Familiar	OS, Computer Networking, MySQL, DBMS

COMPETETIVE ACHEIVEMENTS

- Solved 1000+ DSA based problems on different websites
- **4-star at Codechef** (max Rating - 1889) **:** https://www.codechef.com/users/iadarshanand
- **Specialist coder at Codeforces** (max Rating - 1466) **:** https://codeforces.com/profile/iadarshanand
- **Knight at Leetcode** with a max rating of 1925 **:** https://leetcode.com/iadarshanand/
